

# WHAT I LEARNED FROM JAPANESE EDUCATION

# My action plan for my country's education system based on Holistic Education

## **I WILL UNDERTAKE THE FOLLOWING ACTIVITIES IN ALL THE SCHOOLS UNDER MY JURISDICTION:**

- **Discipline and cleanliness;**
- **School festival at the end of the academic year;**
- **Encouraging arts, sports, and life skills activities in addition to core subjects;**
- **Encouraging teachers to use collaborative lesson plan;**
- **Divide students into small groups and assign responsibilities on field trips and other occasions;**

- To involve students more in moral and social education, ethics, discipline, and teamwork;
- Play-based learning in pre-primary and of course making it more joyful and enjoyable;
- Forming various committees among students and keeping them Active;

## WHAT I WILL DO TO IMPLEMENT THE ACTION PLAN

Meeting with Head Teachers in my area

Briefing how it implement in Japan

find out the challenges

taking initiatives to the challenges

supervise the school activities closely

**Thank you very much**
